

ROSE LI AND ASSOCIATES, Inc.

Research, training, learning, and development remain essential in these challenging times, and we know virtual connections are critical for organizations to carry out their missions. No matter the virtual meeting size, scope, complexity, or technology and security requirements, RLA is prepared to do what it takes to move science forward.

Virtual Meeting Services

RLA handles all virtual event coordination, registration, scheduling, training hosts and participants, event technical assistance and monitoring, in-meeting audio/visual recording, 508 compliance (live or on demand captioning), note-taking, and record keeping.

Meetings or Interactive Video Conferencing

Ideal for small-scale meetings focused on committee or board member discussions. Focus on content sharing, collaboration, and in-room engagement.

- One click to join
- Presentation sharing
- Phone or computer audio options
- Breakout rooms

Webinars

Custom-configurable options for medium to large virtual events. Conduct live sessions or panels with public viewing, interactive Q&A, live polling, and other enhancements.

- Up to 10,000 participants
- Options for multiple hosts and presenters
- Incorporate on-demand video content

Livestreaming

Stream content live on any device with the greatest access.

- Standalone or combined with conferencing or webinar services
- Public commenting available
- Platforms include YouTube, Facebook, and custom event webpages
